

MUNIR RAI

'Loyalty is simple, it is to the oppressed and this is how all remember Munir. Aman of unflinching conviction, charity, and belief. His hard work and charitable legacy leaves a telling mark in three continents. Whether standing up the under-represented, holding those in authority to account or organising humanitarian relief in East Africa and the sub-continent. Munir's life was firmly entrenched in shared universal values. His absence is telling, yet he built, carries us forward forever. Deeply missed the Wife Khiswar and sons Arfan and Imran.'

M HUSSAIN KHAN 1934-2016

Our father was a very gracious & caring husband to Mrs Sarvat Ara and blessed by the almighty to have five children and 11 grand children.

All his life was spent as a humble, loving and helpful person, he was truly a remarkable man and will be missed by all.
